Providing care for the physically or mentally challenged and seniors with oral sedation or general anesthesia

Dr. Ihab Hanna D.D.S

Diplomate, International
Congress of Oral Implantologists

Member, Federation of Special
Care in Dentistry

I am hoping together, we can facilitate comprehensive dental care to special needs patients. My practice, Redwood City Dental Care, is composed of a professional team, whose main goal is provide comprehensive patient service including treatment for patients with physical and mental disabilities.

We have successfully treated patients with physical disabilities & mental disabilities such as cerebral palsy, multiple sclerosis, autism, and down syndrome.

We offer oral sedation, IV sedation or general anesthesia for patients whose treatment may not be otherwise possible, in our Redwood City office or at Sequoia Hospital.

Our anesthesiologist, Dr Michael Lam, is a board certified physician anesthesiologist with over 25 years of experience in all major surgical subspecialties. He is also licensed by both the Medical and Dental Boards of California.

Dental services include Routine maintenance to full mouth reconstruction with Dental Implants, Porcelain Crowns and Mercury Free Restorations.

Should you have a patient you feel would benefit from these services, please contact us. It is our policy to maintain comprehensive communication with all referring doctors. You will receive constant updates of any referred patients and I am always available for discussions in regards to course of treatment. Contact me or my team should you have any questions, our initial consultation is complimentary.
